Print photos directly onto cotton shirts in one minute.

There is now a new revenue opportunity for photo professionals; and an unprecedented new business opportunity for entrepreneurs. AnaJet provides a complete business solution for photo professionals, garment decorators and new business seekers. AnaJet Digital Apparel Printers make it all possible. New software technology allows a wide range of business models for operational flexibility and maximum revenue potential. Contact AnaJet today to take advantage of this new opportunity.

Custom Photo Shirts Made Easy

AnaJet proprietary programs allow you to take pictures of children, people and pets with widely varying color tones and ambient lighting conditions and still print fantastic looking photos without any photo editing.

When you take photos with an AnaJet system, you can insert any background image to create interesting shirts in seconds.

From Shutter to Shirt in 2 Minutes!

New Business Opportunity Seekers:

There is no business like the AnaJet PHOTOshirts™ system! Where else can you find a business where an \$18K investment can generate upwards of \$500K worth of business per year? Garment decoration is a \$45 billion business in the United States. The technology is changing from screen printed or embroidered garment decoration to direct-to-garment decoration. Now is the time to get into the business. You can run your business from a shopping mall, a store or even from your spare room. Let multiple "feeder stores" take pictures and receive orders. A feeder store only needs the PHOTOshirts™ Lite Option package.

Photo Professionals:

Let's face it, our \$83 billion photo industry is being challenged by new digital camera technology. We can recover lost revenues by special printing. AnaJet provides a perfect vehicle to restore and increase our lost revenues. As a photo professional, you will be proud of the print quality and the new opportunity.

Garment Decorators:

You love AnaJet for its ability to provide superior print quality, now expand your business horizon with the AnaJet PHOTOshirts™ option.
